Lasers for Imaging

October 2007

Lasers for Imaging!

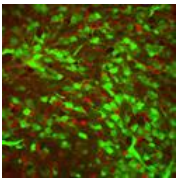

Visit us at booth #1518 during Neuroscience 2007, November 4-7 in San Diego, CA to learn more about how lasers bring your imaging applications to life!

Unmatched Power and Tuning Range for MPE Applications with the Chameleon? Family of laser products.

Products include:

Chameleon Ultra II - stable, high power, wide tuning range

Chameleon OPO - provides wavelength extension out to 1580 nm, deep-tissue imaging

Compass?, Sapphire? & CUBE? - Full Spectrum of Solid-State Lasers

Benefits include:

Broadest portfolio: 375 nm to 785 nm

Lowest cost of ownership

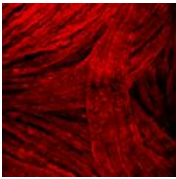

High reliability

08.02.2012

Coherent

Superior reliability & performance

For information on our wide range of Ultrafast laser products including, pulse compression, longer or shorter pulse widths, feel free stop by our Booth #1518 or call us anytime at +39-02.34.530.163.

About Coherent, Inc.

Founded in 1966, Coherent, Inc. is a Standard & Poor's SmallCap 600 company and a world leader in providing laser-based solutions to the commercial and scientific research markets. To find out more about Coherent, visit our website at www.coherent.com
